

# French Tracked Carriers 1940 72021

The markings on French carriers are quite uniform: all vehicles - except when stated - carry their military license plate, white letters plus national flag on a black rectangular surface, in the centre of the nose of the vehicle and on the back, to the left. Note however: the Renault UE and its trailer carry a license plate with white letters plus national flag WITHOUT black rectangular surface on the front. When a carrier was towing a trailer, a yellow triangle was displayed on a blue plate, most often on top of the vehicle. Because of this uniformity not all vehicles in this set will be described, just examples: usage of decals is alike for all vehicles.

**Colours:** the vehicles in this set are all in French darkish green, except when stated.

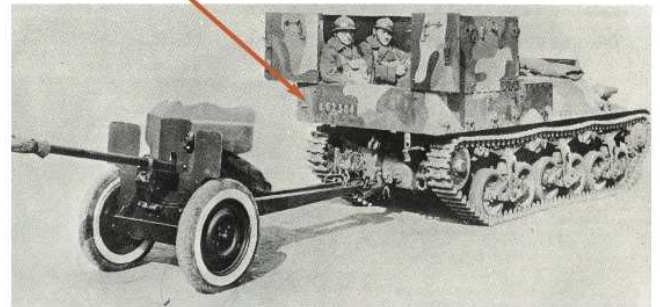

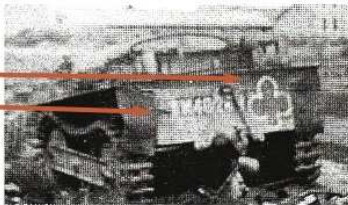

## Lorraine 37L

## Lorraine 38L

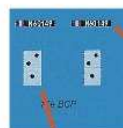

## Lorraine 37L trailer

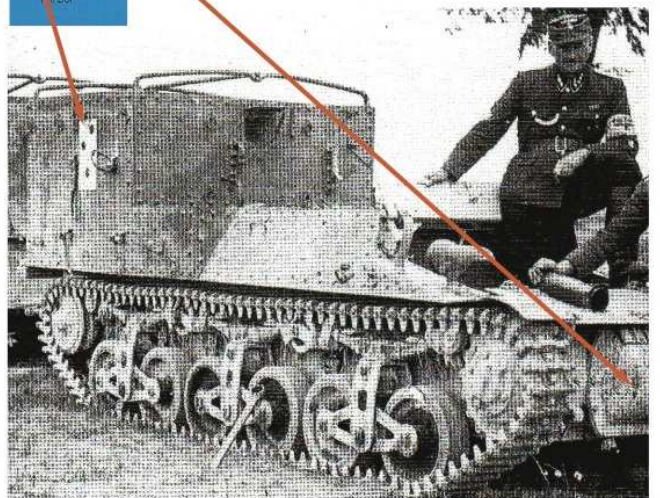

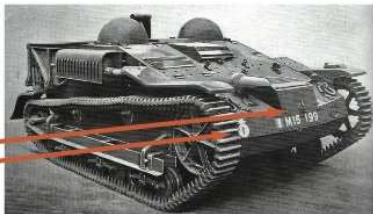

## Renault TRC 36 R

The vehicle towing the gun is painted in a camouflage scheme of a sandcoloured base with brown and green shapes.

## Renault UE

## Renault UE trailer
